

Bicycle and Luggage Shipping Service

High Country Shipping takes the "lug" out of luggage delivery!

www.HighCountryShipping.com, 877.231.1363

What is the Service?

- High Country Shipping (HCS) arranges for the hassle-free and guaranteed shipment of bicycles and luggage to and from their destination.
- HCS works closely with both the cyclist and the cycling event to insure on-time shipping, bicycle assembly and the delivery of bikes to the start of the event.
- Travel with Ease: Cyclists will breeze through the airports, avoid excess baggage fees and have their bikes professionally built and ready to ride upon their arrival.
- Airlines charge up to \$175 (United) for flying bikes one-way and bikes are among the first items to be removed from airplanes when they are overloaded.

How the Service Works:

- HCS's 800# and web-site provide a clearinghouse for all shipping questions.
- HCS' sends Federal-Express shipping labels in advance, arranges for bicycle pick-ups and then monitors the progress of shipments to insure their on-time arrival.
- Upon arrival of the shipment at its destination an email is sent.
- HCS can arrange for bicycle assembly.
- At the end of the cycling event HCS arranges for return shipping.
- High Country Shipping guarantees all services
